# GUIDELINES

## Government Sunder Nursery Management Trust

The Government Sunder Nursery Management Trust (GSNMT) is delighted to offer 'Sunder Nursery – Delhi's Heritage Park' as a venue for various cultural, educational and ecological programmes. Together with your patronage, Sunder Nursery aims to become a pulsating cultural hub at the heart of the Capital city. To this end, the Management Trust expects organisers to fully adhere to the following guidelines-

1. Since Sunder Nursery consists of several UNESCO World Heritage Sites, retaining its cultural and ecological value is of key importance. Organisers must take appropriate measures to ensure that the monuments and green spaces are preserved, and no part of Sunder Nursery is damaged in any way.
2. Touching of internal or external surfaces of the heritage buildings is not permitted. The use of nails, glue, adhesive tapes, colours; digging of gardens; or tying of ropes and wires is strictly prohibited.
3. The organisers are not permitted to undertake any event or activity within the monuments.
4. Following the event, the site will be inspected to note possible damages. If disfigurement of any kind is noted by the Management Trust, the cost of repairing the damages will be withdrawn from the organiser's Security Deposit. If the loss is greater than the security deposit, the outstanding amount will be recovered from the organiser. The Management Trust reserves the right to decide the amount to be levied at its sole discretion.
5. The use of the venue, the timeline of event production, temporary structural set-ups, as well as the circulation of attendees must be discussed in detail with the Management Trust **at least 10 days before the event**. Changes made on the day of the scheduled event may not be permitted, especially if they compromise the presentation & protection of the monuments in any manner.
6. Only the designated venue(s) booked for the event shall be utilised by the organiser. If the GSNMT notes utilisation of additional venues, the Management Trust reserves the right to impose additional costs or suspend/cancel the event.
7. Since Sunder Nursery is a public park, organisers must be mindful of the general public, including those not attending the event. Public access to heritage buildings and comfortable circulation of visitors during the public hours of the Park must be maintained, and organisers must plan and design their events keeping this in mind. No pathways shall be blocked under any circumstance.
8. Production schedules must be kept short in order to minimise the presence of temporary infrastructure within the heritage gardens.
9. Organisers must ensure electrical works on site are executed with utmost safety for the general public. Special attention must be devoted to ensure that electric points & live wires are not left exposed, and that electric wires are carefully laid-out to prevent tripping-incidents. The organisers will assume full responsibility to ensure electrical safety for the event. GSNMT may impose additional safety works to be undertaken for the protection of the general public.
10. Additional safety measures must be undertaken by the organisers if sharp objects such as glass is being utilised in the events. Proper installation and disposal must be ensured by the organisers for public safety.
11. Sunder Nursery solely provides the venue for events. Provisions for lighting, sound systems and additional infrastructure, if required, would need to be arranged by the organisers. The transactions between the organisers and third-party service providers will be purely between the two parties and the GSNMT will not be held responsible for the safety, functioning or operations of the services procured.
12. In case of adverse weather conditions such as heavy rain, fog, hail and dust storms, the Management Trust may provide the same venue at the next available date to the organisers.
